ANRF-PAIR PROJECT
CENTRAL UNIVERSITY OF KARNATAKA

PROGRESS REPORT

1. PROGRESS REPORT DETAILS

University / Institute:	Central University of Karnataka
Task Number:	Task 4.5
Project Title:	fsd
Principal Investigator (PI):	AAVR
Co-Principal Investigator:	AACC
Work Package Number:	qwqw
Approval Status:	Approved
Report Submission Date:	06 August 2026, 11:34 AM

Approved Objectives / Targets:

asddf

Methodology / Approach Used:

dsgfdhghn

Summary of Progress Made:

cvbxgcnnbx

2. PUBLICATION DETAILS

#	Publication Title	Authors	Journal	Date	DOI	IF
1	High-Efficiency Quantum Photonic Sensors for Environmental Monitoring	Dr. A. A. V. Rao, Prof. S. K. Sharma	IEEE Transactions on Quantum Engineering	12-04-2026	10.1109/TQE.2026.1049281	7.820

3. CAPACITY BUILDING

3.1 Workshops / Conferences Conducted

#	Event Title	Date	Venue / Mode	Organizing Inst.	Parts	Description
1	National Workshop on Advanced Quantum Materials & Supercomputing	20-05-2026	Auditorium B, CUK Campus (Hybrid)	ANRF-PAIR & Dept of Physics, CUK	145	Intensive hands-on training on quantum materials simulation and supercomputing cluster setup.

3.2 Training Programs Conducted

#	Program Title	Date / Duration	Venue / Mode	Participants	Description
1	Specialized Student Training on Parallel Python CUDA Computing	15-06-2026 (5 Days)	Advanced Computing Lab / Zoom	90	Hands-on parallel programming, GPU acceleration, and CUDA kernel development for research scholars.

4. NUMBER OF INTERNS TRAINED

Total Interns / Students Trained: 15
